BBCH Celebrates Our Child Life Specialists

It's Child Life Month! Child life specialists are trained professionals who help children cope with the stress and uncertainty of illness, injury, disability and hospitalization. They focus on supporting the unique

psychosocial, emotional and developmental needs of each child and family.

Each child life specialist at The Barbara Bush Children's Hospital (BBCH) has a special role in the hospital.

Check out the BBCH Facebook page at:

www.facebook.com/BarbaraBushChildren'sHospital to hear from each team member about how they help our youngest patients.
