Sanchita Bose, MD, has joined Maine Medical Partners – Surgical Care in the Division of Urology. Dr. Bose is a urologist specializing in the comprehensive management of urogenital conditions in both men and women.

After completing undergraduate studies at Johns Hopkins University, Dr. Bose received her medical degree from the University of Maryland School of Medicine, where she was inducted into the Alpha Omega Alpha honor medical society. She completed her residency in urologic surgery at Boston Medical Center and a fellowship in Continence, Pelvic Reconstructive Surgery and Neuro-urology at the Houston Methodist Hospital.

Her areas of expertise include male and female urinary incontinence, management of pelvic organ prolapse (using both vaginal and robotic approaches), overactive bladder, voiding dysfunction, urologic fistulas, urethral diverticulum, mesh complications (including mesh erosion and mesh removal), neuromodulation and bladder Botox injection.

She also specializes in urinary problems of patients with neurologic conditions such as multiple sclerosis, spinal cord injury and Parkinson disease (neurogenic bladder).

People News
