MMC Celebrates Employee Appreciation Week: Thank You!

MMC to Start Garage Addition; Congress Street to be Detoured

MMC will begin work on the addition of three new floors to the visitor parking garage on May 7, creating another 225 parking spaces for our patients and guests.

To accommodate the crane needed to do this work, Congress Street will be detoured between Forest and Weymouth streets for eight

weeks starting May 7.

Traffic coming into the city on Congress Street will take St. John Street to Park Avenue. Drivers can return to Congress via Weymouth Street, or by taking other routes. Outbound traffic will follow the detour in reverse, taking Weymouth Street or other routes to

Park Avenue.

Local businesses are open and accessible during the detour. Hospital patients and guests can access MMC's visitor parking garage via Gilman Street through a special entrance that passes through the MMC employee parking garage.

Emergency patients and those who are scheduled for surgery should follow signage to the Emergency Department entrance where they can use free valet parking. Details are available at www.mmc.org/modernization.

Please see the back for a detour map.

Congress Street Construction Detour

May 7-June 29

Downtown Traffic ►

- Emergency Department Access
- Recommended Detour Route
- Patient & Visitor Access
- Employee Access

*All businesses open to local traffic
