WHAT'S HAPPENING

A newsletter for the Maine Medical Center family

PEOPLE NEWS

Nicholas Perros, M.D., has joined Maine Medical Partners – Hospital Medicine. He will be working at both Maine Medical Center and Stephens Memorial Hospital. Dr. Perros completed his residency here at Maine Medical Center. He received his medical degree from Loyola University Chicago Stritch School of Medicine. In his free time, he enjoys golf, snowboarding, hiking and spending time with his family.

Patrick K. Hohl, D.O., has joined Maine Medical Partners – MaineHealth Cardiology at its Lewiston practice. He earned his medical degree from the University of New England College of Osteopathic Medicine. At the University of Vermont College of Medicine, he completed a residency in internal medicine, served as Chief Resident and then completed a fellowship in cardiovascular disease. Dr. Hohl's clinical interests include sports cardiology, valvular heart disease and nuclear cardiology.

Evdokia Eleftheriou, M.D., has joined Maine Medical Partners – Neurology. She received her medical degree from the University of Massachusetts Medical School in Worcester, where she also completed her neurology residency training and served as a Co-Chief Resident. She comes to Maine Medical Partners having recently finished her fellowship in neuroimmunology/multiple sclerosis at the University of Massachusetts Medical School. In her spare time, Dr. Eleftheriou enjoys the outdoors, particularly hiking and nature trails, and art activities.

Julia Fritz, M.D., has joined Maine Medical Partners – Pediatric Specialty Care, Gastroenterology. She is Board certified in Pediatrics and fellowship trained in pediatric gastroenterology. Dr. Fritz will be seeing patients at our Portland and Oakland offices. Dr. Fritz is a graduate of Mount Sinai School of Medicine and completed her residency here at Maine Medical Center. She then went on to Medical College of Wisconsin for her fellowship training. Her clinical interests include working with the aerodigestive population and improving quality of
