A newsletter for the Maine Medical Center family

## Care Teams Add Valuable Insight to New Facility Design

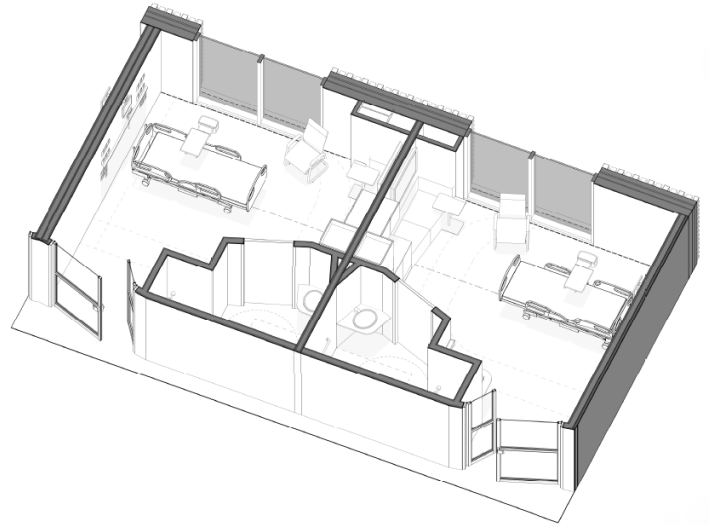

This month more than 100 colleagues from across MMC began meeting to provide input on the design development phase of planning for MMC's proposed \$512 million campus expansion and modernization project.

The workgroups will recommend designs for inpatient bed, procedural and pre/post units, commons spaces and more that will be reviewed by the project's

Design Steering Committee. Work group members will use a set of guiding principles and key design elements when making their recommendations.

Thanks to everyone participating in this design process!

For more information contact Dennis Morelli in Facilities or Al Green in Planning.

## MMC Employees Recognize Each Other With Moment to Shine

**Deanna Elder has received an award from Hillary Berry for Ownership**

“Thank you for your constant positive attitude, big smile and upbeat nature during capital budgeting season. You make the long days fun and worthwhile!”

**Melody Simpson has received an award from Kayla Buchanan for Excellence**

“I wanted to recognize Melody for staying late with the call team to help out with scrubbing a semi-permanent pace maker. She ended up staying until 8:30 p.m. with the call team and with her help made the case go very smoothly.”

**Jessica Healey has received an award from Molly French for Excellence**

“Thank you Jess for staying late on Wednesday, April 12, it turned out to be a busy night and you stayed an hour extra out of your heart! You're so much fun to work with and have the true meaning of a co-worker.”

**Employee Appreciation Week Starts Monday, April 24**

**See Schedule on Back Page**
