MEDICAL HUMANITIES

Using MedHum to promote the goal of professional identity in
UME

Michael P.H. Stanley, M4

Outline

- **Goal** of professional identity & habit of life
- **Gesture** to why that matters today
- **Introduce** MedHum as vehicle
- **Describe** current MedHum activity at MH
- **Propose** further curricular development in Med Hum

Goals for Medical Education

- Standardization & individualization
- Integration
- **Habits** of inquiry & improvement
- Formation of **Professional identity**

Professional Formation

- “An ongoing, self-reflective *process* involving **habits** of thinking, feeling, and acting.”
 - “Compassionate, communicative, socially responsible **physicianhood**.”

Epochs of Medical Professionalism

A black and white portrait of Winston Churchill. He is wearing a dark suit, a white shirt, and a dark bowler hat. He is smiling slightly and making a V-sign with his right hand, a gesture associated with victory. The background is dark and out of focus.

TBD/Global

Why “profession or trade” matters?

“Profession” matters to “Professionalism”

Proposed TUSM curricular changes

- “Personal and professional development”
 - “Wellness, resilience, professionalism, ethical practice, information mastery, self-regulated lifelong learning, inquiry/discovery, navigating uncertainty, professional identity formation, leadership, teaching, clinical skills, clinical reasoning”

Types of Professionalism

Pedagogy of Profession(alism)

- Pedagogies
 - Immersion in apprenticeship
 - Formal teaching of knowledge/standards
 - Longitudinal small-group discussion
 - Reflective or observational assignments
 - Professional portfolio
 - Enrichment/Elective activities
- Assessment
 - Formal Evaluations
 - Snapshots
 - Observational
 - Targeted overt behaviors
 - Simulated vs Actual
 - Benchmarks
 - Self-Reflection
 - Longitudinal Subjective

Medical Humanities

Definition?

Medical Humanities

Science :: Nature : Humanities :: Human Nature

Recent History of MedHum

* 'a healer of organs,'
* 'Leaven tech training with liberal education'

"Grave responsibility to turn out educated... not just technically well-trained individuals." ~Turner

Ethics

1937

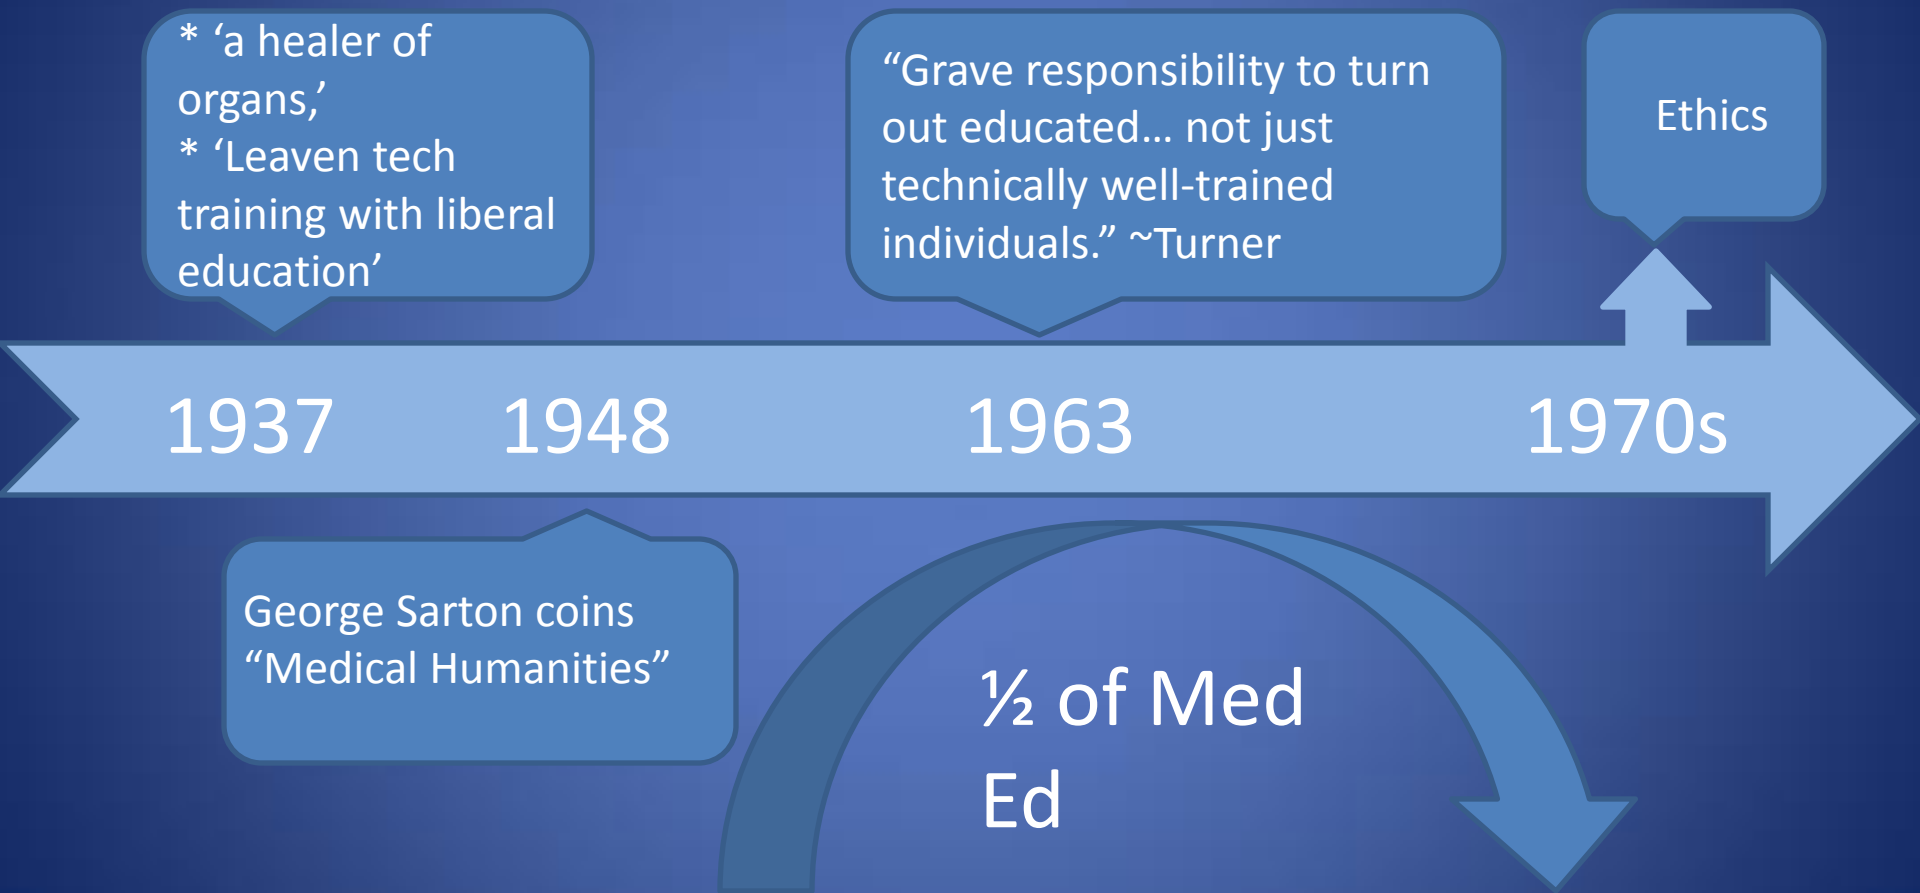

1948

1963

1970s

George Sarton coins
"Medical Humanities"

$\frac{1}{2}$ of Med
Ed

Manifestations of MedHum

- The humanities studying Medicine
- Arts as agent of public engagement with med
- Arts for health (art and music in hospitals)
- Arts therapies/arts as medicine
- **Arts & letters as instrument of med ed**

MedHum & MedEd

- Cognitive Development***
 - Counterweight to reductivism
 - Discern and respond to ethical problems
 - Increase tolerance of ambiguity/uncertainty
- Cultural Transmission**
 - Understand the contexts of health
 - Critically engage with society & health
- Affective Development*
 - Educate for empathy

MedHum & Competencies

- AAMC's 8 domains and 58 competencies
 - Patient Care
 - Knowledge of Practice
 - Practice-Based Learning & Improvement
 - Interpersonal & Communicative Skills
 - Professionalism
 - Systems-Based Practice
 - Interprofessional Collaboration
 - Personal & Professional Development

MedHum & MMC

- MaineHealth Center for Medical Humanities
- Healers Art & Healers Renewal
- Medicine & Literature Reading Club
- Visual Thinking Strategies & PMoA
- Psychiatry Film Night
- **Student Initiated Seminars in MedHum**

SISMH

- Informal group of topical interest
- Student-led
- Monthly, an hour or two
- Covers a wide range of MedHum materials
- Attempting to introduce residency chapter

SISMH & Competency

- Facilitating
 - 3.8 Participate in the education of patients, families, students, trainees, peers
- Poetry & Medicine
 - 1.10 Provide Appropriate Role Modeling
- Music & Medicine
 - 4.7 Demonstrate insight and understanding about emotions and human responses...
- Short Story & Medicine
 - 4.2 Communicate effectively with colleagues within one's profession, specialty, or other health prof
- Anatomy of an Antique Book
 - 5.5 Demonstrate sensitivity and responsiveness to diverse patient population...

Proposal

- Formal Needs assessment of MedHum in current UME
 - Mainehealth CMH Needs Assessment
- Survey current SISMH participants' experience
- Continue to support SISMH programming
- Expand to interested residents
- Identify where objectives have gestured towards meeting competencies.
- Begin to draft curricular structure to frame current and new SISMH programming

Further Work

- Identifying where SISMH can integrate within current non-reductive curricula
 - 1st year – AOS & White Coat, Red Block
 - 2nd year – ???
 - 3rd year (including LIC mods)
 - 4th Year
- Identify how SISMH can integrate within CMH and other MMC MedHum Offerings

Conclusions

- Profession(alism) has changed over time
- Gaps in the human(e) side of MedEd
- MedHum can fill these gaps, even in a competency-based way
- MMC is poised to support MedHum activity in UME
- Further assessment and planning necessary

Thank you
