

WHAT'S HAPPENING

A newsletter for the Maine Medical Center family

Support the United Way To Make Your Aspirations a Reality

Dear Colleagues,

As we approach the home stretch of the combined MMC/MMP annual United Way fundraising effort, we want to say thank you for the amount of support you are providing to the people and partner agencies of Greater Portland. With one week to go, you have already generously donated to help us reach 60 percent of our pledge goal of \$275,000 by the end of October.

This year's global United Way campaign is focused on our "aspirations" for the community. We know many of you have passion for our community that reaches well beyond the wonderful work that you do here every

day. The United Way of Greater Portland, because of their associations and community focus, is the quickest connection to ensure funds meet the aspirations that we have for all our neighbors, including improved access to food, education, and shelter.

You do great work here every day, and we know how much the United Way and all their member agencies would benefit from your support. The good news is that through our partnership the UW keeps making it easier for you to give:

- You can donate by ePledge: web.mmc.org/unitedway2013

- You can donate through payroll, PTO, or pay by check

Colleagues and departments across the hospital have been volunteering throughout the year, supporting agencies and programs such as Wayside Food Programs, Ronald McDonald House, Preble Street Resource Center, Meals on Wheels, and more. Even with all of that support, we're proud to see your generosity continue through this campaign and look forward to seeing us meet or even exceed our target.

We hope you will consider joining us and hundreds of your colleagues in supporting the United Way in all

that they do to make community aspirations a reality.

Respectfully,

Wendy Osgood
VP Adult Medicine

PEOPLE NEWS

One of the goals of What's Happening is to introduce new providers to the Maine Medical Center community. For this week's edition, we are catching you up on five physicians who joined or rejoined the organization in the past few months.

Carly McAteer, M.D.

A graduate from the Maine Medical Center Family Medicine residency program in 2010, **Carly McAteer, M.D.**, has returned as an attending Family Medicine physician with a special interest in obstetrical care. She worked at Martin's Point in Gorham for 2+ years prior to joining Maine Medical Partners. Dr. McAteer was given the "Clinician of the Year" award by Martin's Point the year before she left. She has

Clifford Berg, M.D.

been in Falmouth since the beginning of July.

Clifford Berg, M.D., has joined Maine Medical Partners as Hospitalist with a specialty in Internal Medicine. Dr. Berg earned his medical degree at the University of Connecticut and completed his internal medicine residency training at Tufts Medical Center. Dr.

Christina DeMatteo, M.D.

Berg is also a part of the Hospitalist Program at Stephens Memorial Hospital.

A graduate of the Maine Medical Center Internal Medicine residency program, **Christina DeMatteo, D.O.**, has returned as a Hospitalist at Maine Medical Partners. Dr. DeMatteo earned her medical degree at the University of New England College of Osteopathic Medicine. Dr. DeMatteo has also joined the Hospitalist Program at Stephen's Memorial Hospital.

Andrew Romanowsky, M.D.

A graduate of the Maine Medical Center Internal Medicine residency program, **Andrew Romanowsky, M.D.**, has re-

turned as a Hospitalist at Maine Medical Partners with a specialty in Internal Medicine. He earned his medical degree from the Tufts University School of Medicine after completing the Health Careers program at Harvard Extension School.

Christian Litton, M.D.

Christian Litton, M.D., has joined Maine Medical Partners Women's Health – Division of Maternal Fetal Medicine. Dr. Litton joins MMP from the Indiana School of Medicine/Indiana University Health where he served as Director of Perinatal Ultrasound. He completed residency and fellowship training at The Mount Sinai School of Medicine. As an MFM specialist, Dr. Litton will join Dr. Joseph Wax and Dr. Michael Pinette to provide prenatal diagnostic procedures and expert consultations.

Are We Prepared for a Disaster?

Keep your eyes and ears open the week of November 4, You may be asked to help show MMC's excellence in difficult situations.
