MERTON G. HENRY, ESQ. (A/V Photo)

MMC trustees name Henry new chairman

Portland attorney Merton G. Henry, Esq., is the new Chairman of the Board of Trustees of the Maine Medical Center Foundation and Maine Medical Center. He was elected by the trustees of the Foundation at their annual meeting November 16. A resident of Standish, Mr. Henry is a partner in the firm of Jensen Baird Gardner and Henry in Portland.

Henry has been a Maine Medical Center trustee since 1981, and has served as chairman of the Deferred Giving Committee, vice chairman of the Board, and chairman of the Joint Conference Committee. A graduate of Bow-

HENRY, page 2

Three MTs gain ASCP certification

Robert Johnson, Michael Leveille, and Kevin Maxim, all Medical Technologists in MMC's laboratories, have passed the registry examination of the American Society of Clinical Pathology. Pathology Department Administrative Director Thomas P. Sawyer, Sr., says "certification by one's professional organization is the mark of a true professional. It's a great pleasure to recognize this achievement."

Robert Johnson is a 1988 graduate of the MMC School of Medical Technology and Westbrook College. He is employed in the Chemistry Department.

Michael Leveille is a 1988 graduate of the MMC School of Medical Technology and Westbrook College. He is employed in the Hematology Department.

Kevin Maxim is a 1988 graduate of the EMMC School of Medical Technology and the University of Maine at Orono. He is employed in the Chemistry Department.

HENRY, from page one

doin College and George Washington University Law School, Henry has a long record of service to nonprofit organizations, including Bowdoin College, the Episcopal Diocese of Maine, and WCBB.

Other officers elected November 16: John R. DiMatteo and Owen W. Wells, Vice Chairmen; William B. Deal, M.D., President; Donald L. McDowell, Executive Vice President and Treasurer; John D. Duncan, Secretary; and Kaye Flanagan and Donald E. Quigley, Esq., Assistant Secretaries.

Elected to the Maine Medical Center Board of Trustees for a four-year term was Kenneth Hyde Brownell of Cumberland. Reelected to the Board of Trustees for four-year terms were John R. DiMatteo, Kaye Flanagan, Thomas H. Saliba, and Curtis M. Scribner.

The Foundation's officers will serve as officers of the Board of Trustees of Maine Medical Center, a subsidiary of the Foundation. Additional officers for MMC are F. Stephen Larned, M.D., Vice President for Medical Affairs, and Judith T. Stone, RN, Vice President for Nursing.

The Maine Medical Center Foundation is a nonprofit corporation established to preserve and enhance the ability of Maine Medical Center to provide high quality health care services. The trustees of the Foundation also serve as trustees of Maine Medical Center, and the two organizations share the same leadership.

POISON CONTROL: Richard Christman.

COPY CENTER: Jason Norton.

CYTOLOGY: Suzanne Pennell.

MEDICAL RECORDS: Susan Sawyer.

MMC'S LINEN SERVICES employees were treated to a "Pride Day" last month. They gathered in the hospital Board Room for a luncheon, and words of praise and encouragement from Executive Vice President Donald McDowell, Vice President for Nursing Judith T. Stone, RN, and Associate Vice President Michael Swan. The Servicemaster Corporation, which provides management support for the Linen Services Department, was represented by Noel Spowart, who flew in from Chicago for the occasion. (A/V Photo)

Holiday decoration policy reminder

Not to put a damper on the holiday spirit, but rather to observe fire safety practices:

- Evergreen trees or live greens, in any form, cannot be permitted on the hospital properties.
- Electrical lights or electrified ornaments cannot be allowed.
- Decorative materials—tinsel, posters, hanging items, or materials that are easily ignited (e.g. flammable crepe paper)—cannot be permitted. Tinsel and artificial trees must be of the fire retardant and self-extinguishing type.
- Materials should not be placed such that they impede hospital traffic or jeopardize personnel/patient safety (e.g. hung so that they could catch on an IV pole or strike a person's face or eyes).
- Materials cannot be placed over glass in the fire hose cabinets or vision panels in doors. As always, discretion should be used in the manner in which items are attached to painted surfaces so that tape does not remove the paint.

About People

Coraleen Vavra, RN, has been appointed Assistant Head Nurse on the night tour of duty on R7. She has been employed as a Staff Nurse on R7 since July 1987.

Janet McQuire, RN, has been appointed Assistant Head Nurse on R9W. She has two year's experience in cardiac nursing and six year's experience in critical care nursing, most recently as a Level III nurse in SCU.

Corporators hear message for future

President William B. Deal, M.D., addressing the corporators of the Maine Medical Center Foundation at their annual meeting November 16:

The logo of Maine Medical Center is a triangle . . . the horizontal bar denotes patient care and it is supported by research and education. All are integrated and interdependent. That makes Maine Medical Center what it is: a complex interdigitation of patient care, education, and research . . .

Each minute of every day, questions arise in patient care, questions that, without research, could not be answered. The spirit of inquiry is exciting, stimulating, and enhances the quality of patient care . . .

Education is an integral part of patient care as well . . . Sir William Osler, the famous physician who brought medical education to the bedside at the turn of the century, wrote "The work of an institution in which there is no teaching is rarely first class."

. . . Patient care therefore is augmented, supported, and enhanced by research and education—an inseparable trio.

If we are to be successful in fulfilling our mission, Maine Medical Center must

MAINE MEDICAL CENTER

be of the highest quality in patient care, education, and research . . .

You, the corporators of the Maine Medical Center Foundation, must understand our mission, understand the constraints, our challenges and opportunities, be our

advocates—you are the "voice of the people," and we need your help . . .

We are all colleagues. We all work for the institution and together we're going to keep it preeminent and make it even more excellent than it is already.
