

WHAT'S HAPPENING...

PUBLIC RELATIONS DEPARTMENT ■ MAINE MEDICAL CENTER ■ PORTLAND, MAINE 04102

April 24, 1972

THE NEW INTERNS

The 15 new interns reporting in June will include at least five familiar faces. Four will be Tufts graduates who spent their third year here in 1970-71. They are Dr. Charles F. Adams, III, Damariscotta; Dr. W. Phelps Carter, Jr., of New Canaan, Conn.; Dr. Roger F. Landry, Westboro, Mass.; and Dr. David F. Paul, Northboro, Mass. A fifth intern, Dr. Alan J. Clark, Melrose, Mass., also is well acquainted at MMC, having done the lead poisoning survey directed by Dr. George W. Hallett, chief of pediatrics, during Clark's third year at Yale University Medical School.

THIS IS THE WEEK

The Joint Commission on Accreditation of Hospitals' survey team will be at MMC Wednesday and Thursday. Each phase of the hospital's operations will be inspected by Dr. Thurman A. Larson and Harold H. Cochran, an administrative specialist.

EMD NURSING

A workshop on Emergency Department Nursing has been scheduled this week, Apr. 24-26, under sponsorship of the Maine Medical Center, Maine's Regional Medical Program and the Committee on Emergency Medical Services of the Maine Medical Association. It will be held at Howard Johnson's Motor Lodge, Exit 8. Participating from MMC will be Darrell P. Thorpe, M.D., Brian L. Baker, M.D., Frank H. Lawrence, M.D., Richard C. Dillihunt, M.D., Carl S. Jackson, M.D., Robinson L. Bidwell, M.D., Philip G. Whitney, M.D., Jean Atherton, R.N., Alice Sharp, R.N. and Nancy Shackley, R.N. The planning committee includes Agnes Flaherty, R.N., director of nursing services, and Andrea Melness, R.N., head nurse, MMC Emergency Division.

25TH ANNIVERSARY

Dr. John J. Lorentz, MMC rehabilitation chief, will attend the 25th anniversary of the President's Committee on Employment of the Handicapped in Washington May 3-5. Dr. Lorentz has been a member of the committee since 1959 under presidents Eisenhower, Kennedy, Johnson and Nixon, and is the only northern New England representative.

CANCER INSTITUTE

A Cancer Institute was held last week at Nason College, Springvale, for York County nurses. Participating from MMC were Dr. Ronald J. Carroll, Dr. Richard C. Dillihunt and Mrs. Grace Moulton, R.N.

THE MALL EXHIBIT

The National Hospital Week Health Careers Fair at the Maine Mall is taking shape under the direction of Mrs. John Philbrick, president of the Friends, and representatives from the volunteer groups of all Portland-area hospitals. MMC representation at the exhibit will include displays by the Schools of Medical Technology, Radiological Technology, Operating Room Technology, Physical and Occupational Therapy and Nursing. The Health Career Fair is scheduled May 9-11.

BUY SAVINGS BONDS

With air fares and hotel rates what they are these days, you can bet that when some friend takes off for a couple of weeks in Hawaii or the Bahamas, he's financing the trip with savings...and most likely, U.S. Savings Bonds. They've financed many a college education, too, and a lot of unexpected personal expenses. It's easy to save this way, through payroll deductions, and if you're interested, the people in the Personnel Office can help you sign up.
